Foster Care Agreement for Femme Felines

This agreement outlines the responsibilities and expectations for foster caregivers working with Femme Felines. Your role as a foster is vital to our mission, and we appreciate your commitment to providing a safe and loving environment for the cats in our care.

1. Living Conditions for Kittens

As a foster caregiver, you are required to maintain safe and clean living conditions for the kittens. Due to their fragile immune systems, kittens are highly susceptible to illness. It is imperative that:

- Kittens are kept clean and free from feces.
- You stimulate the kittens to encourage bowel and urinary functions until they are able to do so independently (approximately 3-4 weeks of age).
- Neonatal kittens are provided with a comfortable environment and a reliable heat source.
